SPAULDING "CAME BACK"

Turned Tables on Montpelier High, 37 to 4. Last Night

PLAYING LIKE VETERANS

Local Team, Which a Few Weeks Ago Was Badly Defeated by These Opponents, Showed Wonderful Reversal of Form and Outclassed Visitors.

Five basketball players representing Montpelier high school were "snowed under" by the Spaulding high school team at the Church street gymnasium last night before a crowd of nearly three hundred people. The score was 37 to 4, but even the comfortable margin shown by the figures does not show how completely outplayed were the visitors. The game was the second of a series of three to be pulled off between the two teams, the first being won by the Montpelier aggregation at Montpelier some weeks Spaulding showed much better form than in the previous game, a result of much hard practice; and this fact accounts largely for last night's victory. The locals started off in the first peri od like a team of veterans, shooting five baskets in the first few minutes of play. Carroll and Williams led in scoring during this half, the former being credited with four, while Williams touched the

and Ogston and a foul by the latter brought the score up to 15 at the end of the first period. The Montpelier players evidently found it difficult to locate the basket during the earlier as well as the latter stages of the game, although during the last four minutes of the first period Taisey and Pape managed to shoot e only baskets scored by the visitors during the entire game. altered line-up on both teams. Spauld-trial on eight indictments charging lar-ing started in with a rush and seemingly ceny in the first degree. Although five

shot successfully from almost any angle. Carroll was easily the star, and added six baskets to his score during the last twenty minutes. He was everywhere in the court of general sessions, thought and pulled off some whirlwind passes in aiding his teammates to score. Williams "sane" late yesterday afternoon, was an important factor in the scoring, and his defensive work in the last period was roundly applauded. On the other hand, the visiting five were hopelessly unable to locate the basket, and were seldom able to play the ball in the gratulated the jury for their verdict desired direction. With their own basket hardly ever
